

We believe that with the right support every person can **achieve their potential**.

The Do Good Charity believes that every person has intrinsic worth and inherent dignity, and that with the right support each and every person can achieve their potential.

We don't have one standard approach but creatively provide help and support to people in the way they want.

We continue to be inspired by the story of our founder, Saint John of God, who left us a legacy of providing value-based service to those most in need.

Residential Care

Personalised Support

The needs of the person using the service are paramount in the design and delivery of the support, which is developed on an individually assessed basis with each person and their families. People who use this service maintain regular contact with social services, and access doctors, chiropodists, opticians and dentists on an individual basis. Health and medical professionals attend the home so that people who find attending hospitals challenging can be treated stress free.

Accommodation

The three adjoining bungalows, which opened in 1992, are purpose-built and well designed to meet the needs of the residents. All bedrooms are single occupancy, two of which are en-suite. All bedrooms have television points. There is a large, airy conservatory and comfortable, well-furnished lounge for relaxation, kitchen and dining rooms in each bungalow. All bungalows are surrounded by pleasant gardens. Individuals are encouraged to bring with them personal belongings; bedrooms are decorated to their own choice. Visitors are welcome at any time and there is ample parking.

HOME FEATURES

- Ceiling tracking to make mobility and lifting easier

- Specialist equipment via occupational therapy assessments
- Call alarm systems

We are proud of our team. Every colleague is highly skilled and follows a comprehensive learning pathway of continuous professional development and ongoing monthly supervision.
